Career education at Mitchell College is designed to prepare students and alumni to pursue employment in their field of study or related areas according to the highest standards of professional practice within the domain of higher education. We offer career preparatory services and support and referrals for work-related opportunities, but do not make specific recommendations regarding off-campus employers recruiting through Career Services or through online job sites.

While Career Services makes every reasonable effort to ensure that employers engaged in campus activities and student/alumni hiring (both online and in person) adhere to ethical standards (NACE Principles for Professional Conduct), Mitchell College is not responsible for safety, wages, working conditions, or other aspects of off-campus employment. It is the responsibility of individual students to research the integrity of the organizations to which they are applying. Students and alumni are advised to use caution and common sense when applying for any job or internship, particularly in a domestic role, employment in a private home, or other opportunities not affiliated with a public or private sector organization.

Please contact us with questions and comments, including any suspicion that a company listing jobs or internships at www.collegecentral.com/mitchell has misrepresented opportunities. In respect to our mission and purpose, the College does not guarantee that graduates will be placed in any particular job or employed at all.
